GULF SHORES

Bella Terra

High-End RV Resort Breaks Ground

Bella Terra of Gulf Shores, an RV lifestyle resort community, has officially broken ground and is scheduled to open by spring 2008. The 176-lot luxury resort will cater to Class-A motor coaches and is the first of its kind to break ground in Gulf Shores.

It is located on 40 acres at 21642 Brinks Willis Road, just off the Foley Beach Express. A project of Sagebrush Realty Development, the amenities at the community are set to include resort-styled pools, a grand clubhouse, a private movie theater, tennis courts and concierge service.

Residents can choose from a variety of estate lots ranging from \$100,000 to \$225,000. More than 50 percent of the released pre-construction lots have been sold, according to development officials.
